

FrameBox® allows any 3-dimensional item to be framed quickly and simply

FrameBox® eliminates the need for deep rebate frames, which can be expensive and limited in size.

With FrameBox®, any depth can be achieved, allowing those previously 'impossible' items to be framed quickly, easily and at a more affordable cost.

FrameBox® mouldings are available in

Barefaced!

finish, in three sizes:

Framebox 13

Framebox 19

Framebox 25

Flip FrameBoxes® to create a reducing perspective effect.

Use two or more in any combination to create special size FrameBoxes®

Hints and Advice

- For a permanent fitting, FrameBox® may be secured in place using PVA wood glue.
- A silicone sealant is recommended for the easier removal of your FrameBox® at a later date.

This unique product allows the framer to add a deep box to any picture frame – using exactly the same equipment to mitre and underpin that they already use to make an ordinary frame – and can accommodate items of varying depth:

- 3D Decoupage Paper Sculpture
- Wedding Bouquets
- Butterflies
- Decorative Plates and Thimbles
- Collectors Items
- Sugarcraft
- Medals and Coins
- Special Editions
- Hole-in-One Golf Balls
- Dried Flower Arrangements
- Models - Dinky Toys

FrameBox® turns any frame into a Deep Box Frame
